## Fiscal Analysis

### ASSUMPTIONS:

1. The Department of Corrections (DOC) has averaged one occurrence of smuggling of contraband per year over the last several years and believes that the average will not increase over the biennium.
2. Any offense committed under this legislation would be a first offense felony. This is due to the fact that in order to be hired, employees must not have any felony convictions. A conviction under this new legislation would likely result in a suspended sentence thereby having a negligible fiscal impact to the DOC.
3. There is no fiscal impact to the Judiciary.
4. There is no fiscal impact to the Department of Justice.
